PROJECT PRESENTATIONS

1. Kick off meeting [2009/01/30-31]

On 30 and 31 of January the kick off meeting of the project was organised in Alicante. The meeting was attended by all partners explaining the activities that they have developed. Furthermore, during those days, the first ITER seminar was celebrated, named “Violence- harassment in the family, at school and at work: Diagnosis-Prognosis-Therapy”. The event was sponsored by the Foundation Manuel Peláez Castillo and informed about the cases of violence in different social environments. It is important to mention that the famous international sociologist Johan Galtung participated in the meeting (*see Images 1 & 2*).

Image 1: Kick off meeting of the ITER project

Image 2: Johan Galtung, at the seminar

2. Dissemination in the Info Day about European Funds for Valencian Local Authorities [2009/02/16]

The Valencian Ministry of Presidency, the Valencian Federation of Provinces and Cities (FVMP) and the Fundación Comunidad Valenciana-Región Europea organised an Info Day about European Funds addressed to the Valencian Local Authorities the 16th of February.

The objective of this day consisted in promoting European initiatives, policies and programmes of interest for local authorities. The Valencian Ministry of Presidency, Rafael Rambla, the President of FVMP, Elena Bastidas, and the Director of European Commission in Spain, José Luis González Vallvé, opened this meeting (*see Image 3*).

The Foundation disseminated the various projects, as ITER, during the Info Day by means of various stands among more than 450 people who were present (*see Image 4*).

Image 3: Opening of the Info Day about European Funds for Valencian Local Authorities

Image 4: Stand of FCVRE in the Info Day

3. Dissemination in the Daphne Info Day [2009/02/19]

The Valencian Ministry for Immigration and Participation with the collaboration of the Fundación Comunitat Valenciana-Región Europea organised an Info Day about the Daphne Programme, with the objective of presenting the new call of proposals of this European programme about children protection.

The Valencian Vice-Minister for European Affairs, Rafael Ripoll, and the Vice-Minister for Migration, Gotzone Mora, opened the Info Day (see Image 5). The Foundation disseminated different projects, as ITER, during the Info Day by means of a stand.

Image 5: Opening of the Daphne Info Day

4. Dissemination in the 10th Job and Training Valencian Trade Fair Formaemple@ [2009/03/4-6]

Feria Valencia organised the 10th edition of Formaemple@, the trade fair of Training and Job of Valencian Region. The objective of this event is to inform about the training and the first contact with the labour market.

In that fair, the Fundación Comunidad Valenciana-Región Europea participated with a stand. Through this stand the Foundation promoted the different European Projects, such as ITER (see Image 6).

Image 6: Stand in Formaemple@

5. Dissemination at the Tourism Trade Fair of the Valencian Region [3-5/04/2009]

Valencia Fair organised in April the fifth edition of Tourism Fair of the Valencian Region, attended by more than 55,000 visitors. Through the stand that the Fundación Comunidad Valenciana-Región Europea had at the Fair, it promoted different European Projects like ITER. (See Image 7)

Image 7: FCVRE Stand at Tourism Fair

6. Dissemination at the Days of European Funds for Local entities [2009/05/4 & 11]

Representatives of the Fundación Comunidad Valenciana-Región Europea (FCVRE) organised, on 4th and 11th of May 2009, two seminars on European Funding for local authorities in Alzira and Benasal, respectively, with the participation of the Valencian Vice-minister for European Affairs (*see Image 8*). FCVRE showed the most important European projects of the Valencian Region, such as ITER.

Image 8: The Valencian Vice Minister for EU Affairs in Benasal

7. First seminar on Infomigra results [2009/05/5]

On 5th May in Valencia, the Ministry for Immigration and Citizenship of the Valencian Government organised the first seminar on Infomigra results about the research developed both in the EU countries (Spain, Greece and Italy) and Morocco and Senegal. The Minister for Migration and Citizenship and other important representatives of the Valencian Government and from the Diplomatic corps of Valencia opened this seminar (*see Image 9*).

On the other hand, the FCVRE presented the Infomigra web site and promoted the project in a stand during the seminar (*see Image 10*).

Image 9: Opening of the seminar

Image 10: Stand of the FCVRE during the Infomigra seminar

8. Dissemination in the Entrepreneurs' Day [2009/05/7]

The Fundación Comunidad Valenciana-Región Europea participated with a stand at the Entrepreneurs' Day of the Valencian Region, event integrated into the European Week of SME and held in the Valencia Trade Fair. More than 3,500 persons attended the event. The stand showed the main European training programmes like Iter. (see Image 11).

Image 11: Stand FCVRE at the Entrepreneurs' Day

9. Dissemination at Youth and the New European Media [2009/05/7-9]

From 7th to 9th of May, Pobla de Vallbona hosted the first Congress of Youth and New European Media, where various professional experts in journalism and communication were gathered. They discussed about European communication and the role of new media. The Congress was oriented to young students of Informatics and Audiovisual Communication, but also to all professionals and people interested in new technologies. The FCVRE had a stand with information about European Projects, such as Iter (see Images 12 and 13)

Images 12 and 13: Stand FCVRE at the Youth and New European Media

12. Dissemination in the TAIEX visit [2009/06/3-5]

A Bulgarian and Romanian delegation of the Regional Training European Programme TAIEX visited different Regions and several leading companies and facilities in the Valencian Region.

The aim of the visit was to demonstrate the Valencian region's experience in the field of employment, training and social affairs through the implementation of EU (see Images 15 & 16)

Image 15: the Valencian Vice-Minister for EU Affairs with the representatives of the TAIEX visit

Image 16: Explanation of the ITER project to representatives of the TAIEX visit

13. 2nd Transnational meeting [2009/06/9-12]

Partners of ITER Project held its 2nd Transnational meeting in Vejle (Denmark) from 9th to 12th of June. In that meeting partners informed about the actions done and the state of art of the project.

Image 17: 2nd transnational meeting

14. Dissemination in the 2nd Seminar on Infomigra results [2009/07/16-17]

The partners of Infomigra met at the second seminar on Infomigra results at a partner's centre: Agenfor in Rimini, in order to present and discuss the design of the following information and communication campaigns that treat illegal immigration in Morocco and Senegal.

During the seminar, the FCVRE presented other European projects in which it participates, such as the Iter project.

Image 18: 2nd Seminar on Infomigra results

15. Dissemination at the AER Summer School [2009/08/24-29]

Since 1996, the Assembly of the European Regions organises every summer this meeting that gathers young representatives of parliaments, political parties and European cabinets of communication, regional experts in thematic fields in which Summer School is developed.

Starting this year the meeting has been celebrated in different regions such as Istria (Croatia), Vilnius (Lithuania) or Constanta (Romania). Also, one of the Summer School's themes of interest was the future of Europe by enlarging towards the East of the continent, sustaining the environment or sustaining the regional institutions for EU.

In 2009, Valencia was the city that held the 14th AER Summer School. The ex-commissioner of Regional Policy, Danuta Hubner, and the AER President, Michèle Saban, are two participants of this edition (*see Images 19 and 20*). Beside the conferences, there were different stands with European projects information such as the Iter project (*see Image 21*).

Images 19 & 20: AER President, Michèle Saban and the ex-commissioner of Regional Policy, Danuta Hubner

Image 21: FCVRE stand

16. Dissemination at “Ensa Child Network” Meeting [2009/10/1-2]

On 1-2 October, the West Sweden and the Valencian regional offices, coordinators of the child thematic network of ENSA, (European Network of Social Authorities) organised with the support of the Veneto regional office, a two-day event hosted by the West Sweden EU and Representation Office in Brussels. Around 50 representatives from regional and local authorities and NGOs as well as EU institutions and organisations attended the whole or parts of the event which was chaired by Isabel Poli, Project Manager at West Sweden.

The event included presentations about local and regional experiences in the receiving and placing of unaccompanied immigrant children, social inclusion and cooperation of local and regional level in the social field. The FCVRE mentioned the Iter project as a good option to prevent juvenile violence and to promote cooperation between the different associations and organisations involved in this field.

ENSA is a network of European cities and regions aiming to promote international cooperation in the social field. The network was established by the Veneto Region in 1999, and has since developed and supported solid partnerships between a wide range of European organisations and has carried out seminars, conferences, study visit programmes as well as exchanges of operators and projects financed by the European Commission. The network organises its work in five thematic networks: elderly, youth, child issues, disability and social inclusion.

Image 22: "Ensa Child Networking" Meeting

17. Dissemination at the seventh edition of OPEN DAYS (European Week of Cities and Regions) [2009/10/5-8]

The seventh edition of OPEN DAYS (European Week of Cities and Regions) consisted of 125 seminars, workshops, debates and exhibitions between 5 and 8 October 2009. More than 6,000 participants were involved as well as 250 partners including 213 regions/cities from 33 countries. FCVRE had a stand with information about European Projects, such as Iter.

Image 23: FCVRE stand

18. Dissemination in the Workshop on Local Strategy in the European Context [2009/11/3]

During the workshop on Local Strategy in the European Context held in Brussels, FCVRE disseminated fact-sheets, newsletters and slides of ongoing projects, such as Iter.

Image 24: Slide of the Iter Project presented in the workshop

19. Dissemination in the Workshop of EU Programmes [2009/11/5]

The correct formulation and execution of European projects require some specialised knowledge that enables to make the most of the benefits that these projects provide. The European Union has particularities and concrete and imperative requirements that condition the way in which European projects need to be presented and managed, both in their technical and financial aspects.

On November 5th, the Aragon Federation of Municipalities, Regions and Provinces of the Aragon Government organised a workshop about EU Programmes and about how to develop successful European projects from a practical, technical perspective, held in Zaragoza. The course also allowed participants to classify and differentiate European funds' typologies as well as to implement innovative and competitive action strategies bringing returns to their organisations. The FCVRE disseminated European ongoing projects, such as Iter.

Image 25: A member of FCVRE during the Conference

Image 26: Public at the Conference

20. Dissemination in the Seminar “Europe against Gender Violence” [2009/11/25]

The 25th of November, the Council of Justice and Public Administration of the Valencian Regional Government organised together with the Fundación Comunidad Valenciana-Región Europea a Seminar under the title “*Europe against Gender Violence*”,

in the city of Valencia, coinciding with the International Day for the Elimination of Violence against Women.

Images 27 & 28: Folders and roller of the Seminar

Gender violence is more and more common in our society. Although the European Union is one of the most advanced societies from all over the world, there are more and more women who die at the hands of their partners or ex-partners. Nevertheless, violence against women doesn't respond to racial, cultural, generational or economic reasons.

This seminar aimed to compile good practices and lessons learning from existing experiences on preventing and fighting violence against women and to raise awareness of the serious consequences of this violence.

This event brought together policy makers, European experts, academics and representatives from European organisations and NGOs to promote collaboration among all involved sectors, not only at regional or local level, but also at European level.

Beside the round tables, there was a stand with European projects information, such as the Iter project.

More than 200 people participated in the Seminar.

Image 29: Participants in the Seminar

21. Dissemination during the Conference about European Funding for Municipalities [2009/12/01]

The council of the Valencian town of Chulilla and the Mancomunidad of La Serranía, in collaboration with the Regional Ministry for Relations with the State and the European Union and the Fundación Comunidad Valenciana- Región Europea, organised a Conference about European funding for local projects in the town of Chulilla.

The regional vice-minister for Relations with the State and the EU, Rafael Ripoll, opened the Conference and defended the action of towns of the Valencian region, such as Vila-real, Tuéjar, Xàtiva or la Pobla that presented a project to collaborate in programmes that the EU starts regarding environment, social welfare, education or energy. According to the minister, "the community fund represents a great opportunity for the towns".

The opening was also attended by Juan José Medina, first vice-president of the Regional Government of Valencia, Enrique Silvestre, mayor of Chulilla, and Vicente Requeni, president of the Mancomunidad of La Serranía.

The regional minister stressed the fact that the collection of European funding through the realisation of projects is something real and concrete that is already bearing fruit.

"Since the Council did the first conference about European funding until now, one single year has passed and there are various examples of towns that participate in European initiatives with the assistance of the Regional Government", expressed the regional minister.

Moreover, during the conferences organised in Chulilla, there was the possibility to get to know different European projects and the Fundación Comunidad Valenciana –

Región Europea presented in a stand its European projects, Iter among them. Around fifty people attended the event.

Images 30 & 31: FCVRE Stand

Image 32: Public at the Conference

22. Dissemination during the meeting of SIRG, the Social Inclusion Regional Group [2009/12/02]

In preparation for the 2010 European Year for Combating Poverty and Social Exclusion, a group of regional offices representing their regional interests are collaborating in a regional working group tasked with organising events and supporting the policy debate on the major themes of child poverty, access to the labour market, access to social and health services, combating discrimination, and tackling over-indebtedness.

The 2010 Social Inclusion regional Group held a meeting on Gender Equality and Social Inclusion in Brussels, and there, the Fundación Comunidad Valenciana – Región Europea showed a Power Point Presentation with various European projects, such as Iter.

Image 33: Slide of the Project showed by the FCVRE

23. Dissemination in the II Conference about Innovative Strategies in the District [2009/12/03]

On 3rd of December were held in Benejúzar, Alicante, the “II Conferences about Innovative Strategies in the District”, organised by the Mancomunidad of Economic Promotion of the Vega Baja, in which different ideas and projects of great interest for the area were presented.

Another interesting aspect was the possibility of participating in European projects and programmes collaborating with other towns or regions from the whole European Union.

Leticia Bas, President of the Mancomunidad, pointed out that with the holding of the Conferences the entity tries, with its mission as intermunicipal organisation, to: be an institutional structure to the economic stimulation of the district; diversify the economic activity of the Vega Baja; give support to the existing and emerging business initiatives; collaborate in improving the quality of life and the social wellbeing of the citizens; and mainly, contribute to the reduction of the level of unemployment in the district.

As for Ana Alonso Rodríguez, responsible of the Branch in Alicante of the Fundación Comunidad Valenciana-Región Europea, she made a speech entitled “Closer Europe: Euroopportunities for the local administrations”.

Europe Direct Alicante also attended the conferences as point of European information and connection between the various towns in Alicante, encouraging the public to get involved in Europe and get closer to her. And the Fundación Comunidad Valenciana – Región Europea put a stand with its projects, among them Iter.

Image 34: Brochure of the Conference

Image 35: Stand of the FCVRE

24. Dissemination during the Conference about the Future of the SME [2009/12/14]

COEVAL, The Business Confederation of the Vall d'Albaida, organised a Conference about the Future of the SMEs: Internationalisation, Innovation and Financing, in Onteniente (Valencia).

COEVAL tries to boost the economy of the District by means of a series of projects that, in the mid-term, can be useful to dynamize the industry and services of the territory. Among its immediate objectives, there is the one to inform the Valencian companies about the instruments and national and European funds that can be useful when it is time to get access to help, financing, innovation and internationalisation.

By means of this conference, one objective was to provide the companies with the knowledge of the structures and resources available, both in the public and private sectors given that, often, the ignorance of the existing resources prevents a better planning of business.

The event counted on speakers from the Administrations of the Valencian region and of Europe at greater level. And the Closure was taken charge of by the Regional minister for Industry, Trade and Innovation, Mr Bruno Broseta.

During the Conference, there was a stand of the Fundació Comunitat Valenciana – Regió Europea with dissemination material of various European projects, among them Iter.

25. Dissemination in the Delegation of the Valencian Region in Brussels [2009/12/16]

Delegations coming from Italy and Bulgaria visited the Delegation of the Valencian region in Brussels to learn about the experience of the region through the Fundación Comunidad Valenciana – Región Europea regarding the obtaining of European funds.

During the different presentations, the General Director of the Delegation of the Valencian region in Brussels, Juan Manuel Revuelta, encouraged the delegations to work close to entities of the region for the future initiatives and offered the support of the Regional Government through the FCVRE regarding the obtaining of structural funds through the different financial instruments offered by the Commission.

The representatives of the Italian region of Avellino, as well as those of the Bulgarian region of Varna took advantage of the visit to meet experts in European projects of the Fundación, who helped them get to know first-hand the experience of the region in obtaining and using European funds, which favoured the fact that the Valencian region became one of the most competitive regions in Europe.

Revuelta presented in front of the representatives of both regions, the experience of fund-raising and implementation of European projects of the region through the Fundación, which led the civil society of the region to receive community fund of 68 million euros through the participation in 88 European projects.

Moreover, support was offered to the delegations for the obtaining of funds and the search of partners for new European initiatives, in priority themes for these delegations such as water, environment, transport and social activities.

Furthermore, the Delegation was also visited by representatives of Balkan regions and of Turkey through the TAIEX programme of the European Union, in which the Valencian experts share with their counterparts of the new member States and candidate countries their experience in the management of European funds and the application of the community rules.

Through this programme of information and of technical assistance, the Balkan and Turkish representatives showed their interest in the knowledge of the experience of the Fundación.

During the meeting with the European delegations, some of the projects of the Fundación were presented, such as Iter.

26. Dissemination at the launch event of The 2010 Social Inclusion Regional Group (SIRG) [Brussels, 2010/02/23]

As you can visit in its web page, the 2010 Social Inclusion Regional Group is a transnational coalition of local and regional actors keen to respond proactively to the opportunities of the 2010 European Year for Combating Poverty and Social Exclusion. The 2010 SIRG is an expert stakeholder at the European level for the Year, and it is also an official partner of the Year.

The network has the following thematic priorities: eradicating child poverty, supporting inclusive labour markets, ensuring access to quality social services and decent housing, supporting the equalities and non-discrimination agenda, tackling financial exclusion and over-indebtedness.

The 2010 Social Inclusion Regional Group was established following the publication of a proposal document by the North East England Office in Brussels, and the Flanders-Europe Liaison Agency calling for a rationalisation of efforts during the 2010 European Year. By rationalising efforts and working together, the funding partners of local and regional offices based in Brussels could ensure a higher quality of events, better dissemination for exposed best practices, and an efficient sharing of costs in the light of strained public budgets resulting from the economic crisis.

The 2010 Social inclusion Regional group also responds to a desire by a number of local and regional actors to be more actively consulted on the future of European social policy with an acknowledgment of the front-line role played by the local and regional level and a greater engagement.

The 2010 SIRG is led by a steering group of regions who have elected to allocate financial and human resources for the programming of events and activities. The steering group is currently drafting a joint work programme which will serve as the terms of reference for the 2010 Year. Many of the regions sitting on the steering group represent both the local and regional level. At present, the steering group includes the following regions and networks:

- North East England-United Kingdom (Chair of the Steering Group)
- Flanders-Belgium
- Veneto-Italy
- West Sweden-Sweden
- Oslo Region-Norway
- Valencia-Spain
- Extremadura-Spain
- North Hungary-Hungary

- ENSA (European Network of Social Authorities)-Europe

On February 23th, the launch event of The 2010 Social Inclusion Regional Group was held at the European Parliament, with the assistance of representative members of each Region, and the FCVRE had a stand in the event with information about its projects, such as Iter.

27. Dissemination at the First Meeting of the Daphne III Project 'Acquiring knowledge and raising the quality of services targeted to minors victims of violence' [Milan, 2010/02/24-25]

Acquiring knowledge and raising the quality of services targeted to minors victims of violence

Itinerarios policiales en la red multiprofesional

The European project entitled “Acquiring knowledge and raising the quality of services targeted to minors victims of violence” in which the Valencian Regional Government participates through the Fundación Comunidad Valenciana-Región Europea and the Regional Ministry for Social Welfare, held its first transnational meeting on 24 and 25 February in Milan.

The objective of this kick-off meeting, in which the partners of the project participated, was to analyse and distribute the activities to be carried out by each partner throughout the two years of duration.

This project is integrated into the Daphne III Programme, which is the specific programme to prevent and combat violence against children, young people and women, and to protect the victims and groups at risk within the general programme “Fundamental Rights and Justice” of the Directorate-General for Justice, Freedom and Security of the European Commission and aims to contribute to prevent violence against children and young people, and to extend the services available to every geographic area for the protection of these victims. Another objective of this project is to exchange experiences

and best practices, as well as to evaluate the quality indicators in the field of the services aimed at minors victims of violence.

By means of the implementation of this project, structured in ten phases, information and data will be gathered at European level about the violence exerted on children. At the same time, this project will try to compare the legislation on this subject in the different partner countries. Consequently, the project will provide information about the services available for minors victims of violence, will enable the exchange of best practices and experiences, the establishment of common indicators for the self-assessment of these services, and the examination of the established indicators. All of this will enable to improve the quality of these services, as well as the prevention of violence, the diagnosis and the improvement in the quality of the centres at European level.

To achieve these objectives, the partners will meet periodically to exchange information and best practices, to create a series of training materials, common European indicators, and to carry out dissemination campaigns that provide greater knowledge of the existence and quality of these services.

Thanks to the European funds that the project benefits from (426,581 €), the implementation of the project is feasible, achieving a series of European indicators that will show the existence and quality of these services available for children and young people who have suffered violence.

The project, led by the Region of Lombardy, through the Department for Family and Social Solidarity, has other European partners, coming from Romania, Bulgaria, France and Spain; they are: Galdus, Synergia, ASL Bergamo (the three Italian partners), Fundatia Parada (Romania), La Voix de l'Enfant (France) and the Foundation ECIP (Bulgaria). Moreover, it is worth pointing out that Spanish partners are also participating in this European project such as the Ministry for Social Welfare, and the Fundación Comunidad Valenciana-Región Europea, which will be in charge of the dissemination of the project and its results at European scale.

During the meeting, the FCVRE showed some of its projects, such as Iter.

Images 42, 43, 44: Partners reading Iter information

28. Dissemination at the Conference 'Women, Art and Technology' at the Committee of the Regions [2010/03/03]

On March 3rd, the Conference 'Women, Art and Technology' was celebrated at the Committee of the Regions, Brussels. During the event, the participants were informed about European projects in which FCVRE takes part, such as Iter.

After the event, there was a reception of the contemporary art exhibition -Women & Women- by the artists Mau Monleón, Empar Cubells, Mariana Cáceres, Ramona Rodríguez, Maria José Cabanes, Cuqui Guillén and Encarnis Tomero.

The opening took place at 18:00 on the 5th floor in the Committee of the Regions.

03/02/2009

También se organiza una jornada sobre la violencia en la familia, el trabajo y la escuela.

Reunión de lanzamiento del proyecto europeo ITER

El proyecto europeo ITER ("Itinerarios policiales en la red multiprofesional para la prevención de la delincuencia juvenil") en el que participa la Generalitat a través de la Fundación Comunidad Valenciana-Región Europea, la herramienta del Consell en materia de asuntos europeos, celebra su primera reunión transnacional.

El objetivo de esta reunión de lanzamiento, en la que participan los socios del proyecto, consiste en analizar y distribuir las actividades a realizar a lo largo de los dos años de vida de la propuesta.

Además de la reunión de lanzamiento, el proyecto Iter organiza una jornada sobre denominada "Violencia-acosos en la familia, la escuela y el trabajo: diagnosis-prognosis-terapia", que dará a conocer distintos casos sobre violencia juvenil y el trabajo realizado con los mismos.

Dicho proyecto, integrado en el Programa de Seguridad y Salvaguarda de Libertades de la Unión Europea, tiene por objetivos incrementar la implicación de los cuerpos policiales para prevenir la violencia juvenil, mejorar la interacción de la policía con las familias que tienen este problema, y promover la cooperación entre las distintas asociaciones y organizaciones implicadas en dicho ámbito.

Para conseguir estos objetivos, el proyecto Iter realizará una serie de cursos formativos sobre prevención de delincuencia juvenil entre los agentes de las fuerzas de seguridad participantes, analizará a las familias que presentan esta problemática, y realizará charlas informativas en las escuelas, entre otras actividades.

El proyecto europeo Iter, liderado por la Diputación de Alicante, cuenta con la Fundación Comunidad Valenciana-Región Europea, como socio de difusión, Videnscenter for Integration de Dinamarca, el Ayuntamiento de Latina en Italia, y el Ayuntamiento de Sofía (Bulgaria).

Por otro lado el proyecto cuenta también diferentes entidades colaboradoras, que también asistieron a la jornada: la Asociación de Jefes de Policía de la Comunitat Valenciana, la Asociación AYO, la Oficina del Defensor del Menor de la Audiencia Provincial de Alicante, el Departamento de Asuntos Sociales de los ayuntamientos de Montesinos y de Callosa de Segura, la Asociación Timoneda, la Sociedad Valenciana de Medicina y Comunidad Médica, la asociación Dones i comunicació, y diferentes asociaciones de padres de alumnos.

Programa de Seguridad y Salvaguarda de Libertades

El Programa europeo de Seguridad y Salvaguarda de Libertades tiene por objetivo asegurar la cooperación operativa en el ámbito de la lucha contra el crimen y el terrorismo y el reforzamiento de las medidas que promueven la prevención de estos riesgos.

Con un presupuesto de 745 millones de euros para el período 2007-2013, el programa tiene dos ámbitos: uno dedicado a la prevención y lucha contra el crimen y otro de prevención, preparación y gestión de las consecuencias del terrorismo y otros riesgos para la seguridad.

El MARQ acoge la conferencia del profesor noruego Johan Galtung

El Museo Arqueológico Provincial de Alicante acogerá el próximo viernes, 30 de enero, la conferencia del profesor noruego Johan Galtung sobre violencia y acoso en los diferentes ámbitos sociales. La charla, sobre ‘Violencia-acoso en la familia, la escuela y el trabajo: Diagnosis-Prognosis-Terapia’, se celebrará a las 18.00 horas del próximo viernes en el MARQ, dentro del Proyecto Europeo "ITER, itinerarios provinciales en la red multiprofesional para la prevención de la delincuencia juvenil.

Al encuentro también asistirán los socios del partenariado, compuesto por colaboradores de Dinamarca e Italia, así como representantes de la redes de colaboradores del proyecto, como policía local, servicios sociales municipales, fiscalía o AMPA.

Johan Galtung, reconocido politólogo noruego, estudió Matemáticas y Sociología en la Universidad de Oslo. En 1959 creó en esta misma ciudad el primer Instituto de Investigación sobre la Paz. Ha trabajado como profesor y es Doctor Honoris Causa en multitud de universidades de los cinco Continentes.

Actualmente, es presidente de ‘Transcend’, organización para la información y acción cívica en los ámbitos de la paz, el desarrollo y la cultura, y presidente de honor de la Fundación de Ciencias Sociales y Mundo Mediterráneo.

Galtung ha participado en más de 40 conflictos como mediador. En 1987 recibió el premio Nobel alternativo y en 1993 el premio Gandhi. Ha publicado más de 50 libros y más de 1.000 artículos, según señalaron las mismas fuentes

Police's itineraries in the multi-professional network for the prevention of juvenile delinquency

Fecha de la última modificación: 3 Jun 2009. 23 visitas

Acrónimo: ITER

Fecha de inicio: 1 Sep 2008

Fecha de finalización: 1 Sep 2010

Programa de la CE: [LEONARDO DA VINCI](#)

País: Spain, Italy, Denmark, Bulgaria

A series of training courses is being devised relating to the prevention of juvenile delinquency between the agents of the participating security services, those families in which the problems occur will be analysed, and cooperating organisations will give informal talks in schools among other activities in an effort to raise awareness and help prevent problems.

Various studies have shown that juvenile violence and delinquency are delicate problems to treat owing to a series of linked causes: parents, against the aggression of the youngster, leave the tasks of education to the school. yet the teacher cannot concern him or herself with behavioural education in addition to academic instruction, so when faced with a lack of respect it is common that the teachers find themselves unable to control the situation and the police are required to intervene, on many occasions in an aggressive manner which does little for the education of the youth.

With this in mind, the regional council of Alicante has designed a series of police

Iter is a European project led by the Regional Council Alicante and counts on the Fundación Comunidad Valenciana-Región Europea as partner and leader in marketing and dissemination, Videnscenter for Integration of Denmark, the City Council of Latina in Italy and the National Association of Municipal Clerks in Bulgaria
